

The Role of Biodiversity Informatics in Science and Society

Introduction

James Edwards, Executive Secretary,
Global Biodiversity Information Facility

Components of Biological Informatics

Genetic + Molecular	Bioinformatics	GenBank, SwissProt
Individual (specimen) + Taxon (species)	Biodiversity Informatics	GBIF, ETI, OBIS, AVH, HerpNet, CONABIO
Ecology + Ecosystems	Ecological Informatics	SEEK, LTERnet
Phylogeny	Phyloinformatics	AmphibiaTree, Assmbl. Tree of Life
